Professional Experience

Senior Digital Marketing Specialist | Vinusconsulting (Freelancer) August 2025 – Till Now

- Managed end-to-end digital marketing activities for Vinus Consulting, including performance marketing, email marketing, lead generation, website management, and content marketing initiatives.
- Planned, executed, and optimized multi-channel marketing campaigns across email, SMS, push notifications, onsite messaging, Facebook Ads, and Google Ads to improve customer engagement, lead generation, and brand visibility.
- Built and managed CRM audience segments, created targeted marketing offers, and optimized customer journeys to improve campaign performance and conversion rates.
- Handled website management through WordPress, including landing page creation, blog publishing, SEO-focused article posting, and content updates to enhance online presence and user engagement.
- Managed Facebook and Google Ads campaigns to generate leads and improve brand visibility, connecting paid ads with email and CRM marketing efforts.
- Designed marketing creatives, banners, and campaign assets using Canva and AI-powered tools like ChatGPT, Gemini AI, Claude, Flow, Whisk, and LM Arena to improve content creation, campaign planning, and marketing efficiency.
- Leveraged AI tools for content ideation, copywriting, audience research, campaign optimization, and creative strategy to streamline digital marketing operations and improve productivity.

Senior Email Marketing Specialist | OrangeMonke (Remote) August 2024 – April 2025

- Planned and executed 200+ personalized campaigns (daily, weekly, monthly) across Mailchimp, HubSpot, MoEngage, WebEngage, Sendland, Klaviyo, and SFMC, boosting engagement by 25% in retail digital marketing initiatives.
- Built and segmented customer lists using CRM and available data, ensuring accuracy and optimal size for targeted campaigns.
- Designed offers, set budgets, and configured Campaigns; managed multi-channel communications (Push, SMS, Email, Onsite) to drive conversions.
- Monitored campaign performance, tracked voucher redemptions, and delivered post-campaign insights to improve ROI.
- Optimized targeting logic, offer design, and communication strategy across CRM-driven campaigns, increasing engagement and incremental impact.
- Ensured compliance, deliverability, and list hygiene, reducing bounces by 12% and spam complaints by 30%.

Assistant Email Marketing Specialist | OPK E Service Pvt. Ltd., Gurgaon April 2021 – July 2024

- Executed advanced segmentation using SFMC Contact Builder and Data Extensions, targeting audiences for precise delivery across 500+ campaigns, enhancing relevance and 20% conversion lift.
- Created high-performing emails in Email Studio and automated workflows in Automation Studio, aligning with KPIs to achieve 28% average open rate.
- Performed A/B testing on 150+ variants (subject lines, CTAs, creatives), identifying winners that optimized future performance and increased CTR by 25%.
- Ensured CAN-SPAM compliance with spam filters and qualitative creative analysis; tracked metrics (open rates, CTR, conversions) via SFMC dashboards for actionable recommendations.
- Monitored engagement in Journey Builder and Web Analytics Connector, refining lifecycle journeys to boost retention by 18%.
- Managed integrated performance campaigns (CPL/CPC/CPA/CPS/CPM) with email strategies, developing custom SFMC/CRM dashboards for pipeline tracking and ROI analysis.
- Implemented automation rules (Auto Responses, Lead Assignment, Escalation) in SFMC, enabling real-time operations and 30% faster lead nurturing.

- Led email strategy blending Tableau analytics and CRM expertise, optimizing 1,000+ campaigns for maximum ROI.

Digital Marketing Coordinator | Square Yards, Gurgaon December 2019 – March 2021

- Supported daily operations on tight-deadline projects, applying analytical skills to develop solutions that improved CTR and conversions by 15%.
- Created and executed social media campaigns on Facebook, Instagram, LinkedIn, and Twitter, generating 10K+ engagements monthly.
- Developed promotional content strategies with affiliates, enhancing brand visibility and driving 20% sales uplift through targeted partnerships.
- Recruited/onboarded 50+ high-performing affiliates, expanding the network and increasing program profitability by 25%.
- Tracked campaign performance using Google Analytics and social insights, reporting on KPIs to inform optimizations.
- Coordinated with affiliate networks for promotions, fostering relationships that boosted affiliate sales by 18%.

Email Marketing Executive | Way2online, Gurgaon January 2018 – November 2019

- Managed end-to-end email campaigns for B2B/B2C, planning strategies, execution, delivery, and optimization to achieve 22% average open rates.
- Designed email content, deployed campaigns, and conducted response analysis, recommending improvements that reduced bounce rates by 10%.
- Performed data segmentation and behavioral retargeting, enhancing personalization and click-throughs by 16%.
- Handled account management and client service, ensuring alignment with brand communications and ROI goals.

Salesforce Marketing Cloud – Hands-on Project Work

Thundercalp.com – Automated Customer Onboarding Journey

- Built multi-step Welcome Journey using Journey Builder with data-driven decision splits.
- Created & optimized Data Extensions with SQL-based segmentation.
- Implemented AMPscript for personalized content and dynamic blocks.
- Set up recurring automations (Query, Filter, Refresh, Send) in Automation Studio.

RankLocally – Lead Nurture & Newsletter Campaign (SFMC & MoEngage)

- I created responsive newsletter and promotional email templates.
- Managed Lists and Data Extensions to target segmented audiences.
- I performed A/B testing on subject lines and CTAs to improve engagement rates.
- I also managed deliverability settings, including send classifications and sender profiles, ensuring clean and optimized email performance.

BuyReviews –Triggered Email

- I configured Triggered Send Definitions for order confirmations and review reminder emails.
- I worked on API integrations with SFMC to trigger real-time transactional emails.
- I also built an automated Review Request Journey with time-based activities and analyzed email performance using Data Views such as Open, Click, Bounce, and Send logs.

Vinus Consulting – Digital Marketing & Campaign Management

- At Vinus Consulting, I managed end-to-end digital marketing activities across multiple channels.
- I handled Facebook Ads and Google Ads campaigns, including audience targeting, budgeting, and performance optimization.
- I also worked on blog management, content planning, and SEO-focused writing to improve website visibility.
- For email marketing, I created and executed campaigns using SFMC and MoEngage.
- Additionally, I designed marketing creatives on Canva and managed SMS marketing campaigns to improve customer engagement and lead conversions.
